

Bleed Area 2.125" x 3.625" (background fill to this line)

The diagram illustrates three nested rectangular areas for print design. The outermost area is a green-bordered box representing the Bleed Area. Inside it is a blue-bordered box representing the Trim Area. The innermost area is a pink-bordered box representing the Safe Area. Three colored arrows point downwards from the text labels to their respective boundaries: a green arrow from the Bleed Area label to the green border, a blue arrow from the Trim Area label to the blue border, and a pink arrow from the Safe Area label to the pink border.

Trim Area 2" x 3.5" (final cut area)

Safe Area 1.75" x 3.25" (Important text & graphics within this box)
